DIED.

WATT—Bied at the Insune Hospital, of Apoplexy Mr. Joseph Watt. He was a native of Scotland. In early life he went to America, and resided in Providence, R. I., and vicinity. He came to the Islands in 1850, and since his arrival has been engaged as a merchant and school teacher. During the last few months, through mental weakness and derangement, he has been at the Hospital. He was a man of stern integrity and aprightness. Several of our Chinese merchants are indelsted to him for their knowledge of the English language.

Honolulu will yet ruise two-mouthful-strawberries.

JAPANESE TEA PLANT.-We observe that the Japanese Tea Plant, is being introduced into California, and the Alta speaks of it as a fine acquisition. Many of these tea plants have been received through Mr. Van Reed, and do very well here, but our climate is not favorable to their cultivation. One in Mr. Derby's garden was in bloom, not long since, the first specimen of its kind that has flowered in this country.

In California this tea plant ought to do well, as that country affords similar conditions, with its native habitat.

THE KOOLAY CASE .- The WOMEN Panhao. who was nearly murdered in Koolau last week, was brought over on Monday, and placed in the Queen's Hospital. She was badly injured-both arms being broken, one elbow nearly severed, and severe wounds about the head. She is not fatally injured, and will probably recover. Kaansans, the criminal and would-be suicide, is rapidly recovering from his wounds and will be placed in prison to await his trial, as soon as he can be moved. The quarrel between the husband and wife was most trivial, to lead to such a tragic result.

To Japan.-The proposed voyage of the Kate Lee to Japan has been given up. She was to have sailed last Saturday, and cargo and passengers were all ready, but the news of the civil war now raging there, and the prospect that the objects proposed could not be prosecuted, has postponed the trip. The vessel was not bound on a commercial voyage, but rather for observation and inquiry, as well as pleasure, and while we regret the sound reasons which have caused the abandonment of the trip, we hope, for the sake of our commercial relations with Japan, and the solution of several interesting questions, that the vessel may be laid on again at no distant date.

driven to the Palace. Turry.-Mr. Goodwin, (colored) whose prefix of Josiah would lead one to expect better things of him than stealing pocketbooks, came to grief in the Police Court on Saturday last, by being sentenced to two years imprisonment and twenty-five dollars fine and costs. It seems that on Tuesday night, B the 4th day of April, A. D., 1868, G.

The police got track of the green-backs and the cine led straight back to Mr. Goodwin, who found himself at once unpleasantly associated with Uncle Sam's pictures, and unable to avoid the consequences of having unlawfully ob-tained them.

FUNERAL OF JUDGE KAPENA.—The funeral of Hon. Jona Kapena took place on Sunday last. The procession left his late residence in Nunanu valley about 4 o'clock P. M., passing down Nunanu street to King, and down King street to the Kawaiahao Church. Following the mourners was the carriage of the King, occupied by the Chamberlain, in full uniform, and the members of the Legislative Assembly, wearing crape, the deceased having been one of the Nobles. A large concourse of friends followed the body. The church was filled with people. The coffin having been deposited in the broad aisle in front of the pulpit, the services were conducted by the Rev. H. H. Parker. The reverend preacher in his address gave a short biograpical sketch of the deceased, followed by A COTTAGE, 36 x 18, NEW, BUILT OF Clap-Boards, with a Shingle roof—consisting of three rooms. Sr. George's Society.—The Annual Meeting of the St. George's Benevolent Society was held at the Public Hall on Thursday, the 23d inst. H B. M.'s Commissioner and Consul-General was present, and presided over the business and entertainment of the evening. The Treasurer reported 92 paying members on the roll. For the year past the receipts have been: Balance on hand, \$80.30; Receipts, \$1,004.50; Total, \$1,084.80. The Receipts, \$1,004.50; Total, \$1,084.80. The disbursements have been \$811.34, for relief. The Society was formed in 1864, and has been well sustained by our British residents, affording timely assistance to many indigent and suffering British subjects. During the past two years, twenty persons have been assisted: some through sickness, some buried, and others furnished with a passage abroad. The Officers elected for the year (the Queen's Representative being perpetual President), are, Vice-President, W. L. Green; Treasurer, A. S. Cleghorn, and Secretary, T. H. Davies. About 50 members sat down to the cold supper which closed the evening's work. Only two regular toasts were proposed by the President: the Oueen of Great Britain, and the King of the Hawaiian Islands. The statements of the Officers prove that the Society is doing well, and promises a long career of usefulness in its chosen work of benevolence and charity.

Positions Corrected of a very Dangerous Group-Running W. N. W. from the Hawaiian Islands. HARBOR MASTER'S OFFICE,

To the Editor of the Hawaiian Gazette: DEAR SIR:-According to promise made some nine or ten months ago to furnish you with a list of islands, rocks, and shoals between this Port, China and Japan, whose positions were well ascertained, I now endeavor to fulfill that promise by giving you a list compiled from various sources, principally from Lieut. Brooke of the U.S. schooner Fennimore Cooper, Cupt. Brookes of the Gambia, Capt. Paty, Capt. Long, Capt. Stone, Capt. Tengstrom, all well known authorities in this ocean. I have overhauled many whalers' log books (some scores), and obtained information from both whaling and merchant shipmasters, which was always given me with the greatest good will and

pleasure on their part. I likewise add a list of islands, rocks and shouls laid down on the charts '?' or doubtful, which have been looked for and their positions sailed over, but no trace could be found of them.

I may remark that strong currents or tide rips are frequent, especially from 10° N, to 10° S. in this ocean, making a noise like breakers and at times looking like broken water for a considerable distance.

List of positions which I have obtained Thursday in the Kilanea, from the trip to from many sources of a very dangerous part Hawaii, for the relief of the distressed peo- in the North Pacific, directly in the track of vessels bound to Japan and North Coast of having claims against the said estate, to The King left Honolulu on the 13th, pro- China proceeding from this port, hitherto sent the same, and those indebted to the Est very imperfectly known.
